

PUDDLETOWN AREA PARISH COUNCIL

Minutes of the Puddletown area parish council meeting held on Tuesday 10th February 2026 in the Tolpuddle Village Hall. The meeting commenced at 7.00pm

PRESENT:

Cllr **Grazebrook**, Cllr **Green** (Vice Chairperson), Cllr **Oakley**, Cllr **Ridout** (Chairperson),
Cllr **Patterson** (Vice Chairperson) & Cllr **Redman**

ALSO PRESENT:

Mrs **Harrington** (Clerk) & Four Members of Public

ABSENT:

Cllr **Brown** & Cllr **Giancola**

0226-117. APOLOGIES FOR ABSENCE

Apologies have been received from Cllr Brown & Cllr Giancola for personal reasons and accepted by all.

0226-118. DECLARATIONS OF INTEREST AND DISPENSATION REQUESTS

- a. Cllr Redman & Cllr Grazebrook declared a non-pecuniary interest in 0226-127b
- b. Cllr Redman & Cllr Grazebrook signed a dispensation before the meeting in respect of the Puddletown library.

0226-119. PUBLIC SESSION

One member of public wished to raise two issues:

- a. Do Dorset Council warn the Parish Council or do the Parish Council warn Dorset Council in relation to flood water on Highways.
The MOP was advised that Members of Public are encouraged to report flooding to Dorset Council via their website.
- c. This year it is the 190-year anniversary since the government gave a pardon to the Martyr's. It is unlikely that this will be celebrated.
One member of public wished to raise:
- d. Wish to know why the road between Tolpuddle and Puddletown is not gritted, when the gritter travels between the villages having gritted in these areas.

ACTION: Clerk to ask Dorset Council Highways which routes are gritted, and which routes are not and why not.

- e. During the Martyr's festival week this year and recent years, the verges between the Martyr's field to Burleston bends are not cut, and due to a lack of regular bus service, taxi service etc, many festival goers tend to walk to Puddletown for the local shop. Could the Parish Council ask Dorset Council to cut the verges next year before the festival.

ACTION: Clerk to add verge cutting between Tolpuddle and Puddletown to the March agenda.

0126-113	Cllr Patterson & Clerk	Strategic Risk Management Policy	Clerk to add a future agenda item, to discuss adopting a Strategic Risk Management Policy. Noting Cllr Patterson to investigate other SRMP's and send to the Clerk.		To Start
0126-111 d2 1125-86 b4	Clerk	Risk Register Risk Assessment	Clerk to investigate different systems to enhance meetings for the hard of hearing and report back to Council.	12-12-25. After research seems we would need an Omnidirectional microphone with noise cancelling technology. This could be plugged into my laptop, and we could then have an app like Google Live Transcribe which could be showing the live transcript on the screen. Cost is anywhere from £100 - £1000. Argos have one for £100 but the pick-up distance is unknown. We can try and return with Argos. Olympus doe a Microphone ME-30W, this is a much high spec with higher noise cancelling ratings and a 3-5m pick up range. This system can be extended with up to 6 microphones for larger meetings. £239.99 (inc. VAT) This is for 2 microphones, so we may be able to get it cheaper with just one mic. 13-01-26 Clerk to investigate systems with four microphones, If possible, more detail on if the microphones are battery or wired, plus what the echo levels are. 27-01-26 Owl & Olympus contacted asking for advice. 0126-115	Clerk	Fire Risk Assessment	Clerk to investigate if the 1 st floor is concrete slab or another material. Clerk to arrange the annual Landlords inspection with Cllr Ridout, Cllr Green & Clerk in attendance. Clerk to report back as and when with findings.	14-01-26 Email sent to PRIDE Chairman and both PAPC Caretakers asking if they know the floor material. 14-01-26 Email from PRIDE Chairman "The floor is definitely wooden. That's indeed why the trampolines were not a good idea. This is also the reason why we ask the gym people not to	On-going

				have anything heavy above the club room because there is a big span in this area and some of their equipment is not suitable " 14-01-26 Email sent to external contractor who carried out Fire Risk assessment. 15-01-26 New assessment received and email "After our meeting I sent the company an email, asking about the report stating the floor was a concrete floor and therefore what in the report might change as the floor is in fact wooden. This was their response via email “As this was a 'Type 1' (non-destructive) assessment, we didn't 'open up' any of the ceiling areas to visually witness this, however we asked a whole load of questions to the person who met us on site and opened up for us etc (I apologise, I have forgotten his name), and he answered what he could, to the best of his ability. He informed us he believed it was concrete slab; thus this is where this information was gained. Apologise if this is incorrect. Regardless, I am able to amend the report to reflect the timber construction between floor levels. As the buildings fire alarm system is considered adequate (once the items in the report are actioned) and the escape route distances are all well within limits, there is no issue / change of outcome for the report given the amendment to timber floors between levels rather than concrete. “ I then went back to them and showed them the photo of the overloaded socket upstairs, which is directly above the stairs. I stated that this was taken in February and as their report (October) stated there was no overloading of sockets, I was assuming the tenants had resolved this issue as we had informed them this was not acceptable. However, there was concern due to what we saw in Feb and the fact that there was only one way in and out of the first floor and that was via a single wooden staircase. This was his reply.

PUDDLETOWN AREA PARISH COUNCIL

Minutes of the Puddletown area parish council meeting held on Tuesday 10th February 2026 in the Tolpuddle Village Hall. The meeting commenced at 7.00pm

				“Yes, it is very important to keep on top of these things. The smoke alarms also is a big one, as mentioned in the report there is a missing / out of date alarms which need re-instating ASAP. There is no specific Law or regulation determining this one way or the other. The outcome / recommendations are determined by evaluating a number of factors. Occupancy levels, building complexity, Travel distances to exits, compartmentation, provision of smoke alarms etc etc. There is no ‘one size fits all’ solution. In this instance, the stair case itself is separated by brick / block walls / plasterboard from the rest of the ground floor, providing 60-minute fire protection. This essentially creates a ‘protected stairway’ from the 1st floor, out of the building. Aswell as this, with the layout of the 1st floor being very simple and the travel distances to the exit points being within the required limits, provision of fire fighting equipment at the top of the stairs and the provision of smoke alarms providing means of giving early warning in the event of a fire, I believe the risk to be minimal and thus see the current setup as being adequate.”

Install lighting along the path, as in the middle of winter at the end of the day, students do not feel safe walking along the path as it is so dark. If lighting is not possible could the trees and vegetation at least be cut to a level so that more natural light was able to light up the area.	"Just to provide an update: we're currently developing a junction improvement scheme at the Whitehill Junction mouth and the stepped access to the school gates. The scheme is in its early design stages, but an engineer has now been assigned to take it forward. Once the drawings have progressed, I'll be able to share them more widely. As part of this scheme, we're also reviewing some of the great ideas that came out of your work with the school pupils. We've visited the site with our engineers and are now awaiting feedback on the potential costs of the proposed improvements. One of the more feasible options we're looking into is levelling the steps along the path parallel to Coombe Road, but we just need to see if the engineers can work with the levels. I'll keep you updated as things progress. Please don't hesitate to get in touch if you have any questions"
